Connecting Software Delivery to Business Outcomes

Meet the panel

Hope Lynch
Sr. Director
Technology Strategy

Logan Donley
Senior Technical
Evangelist

Drew Piland
Sr. Product
Marketing Manager

Why is it important to connect software delivery to business outcomes?

What does value stream management mean?

What capabilities are critical to “value stream management”?

**What outcomes should you expect from
implementing values stream management
practices?**

What metrics are used to measure these outcomes?

Final Thoughts?

Q&A

Thank You!
